Apply to Job

(!) You can submit up to three job applications every 90 days. Be sure to apply for roles that strongly match your skills and work experience.

Come join a diverse and collaborative team of researchers who work directly with product design to make the best social platform for Facebook's billion+ users. Our work ranges from formative to evaluative, ethnography to usability.

For this position, we are looking for a range from qualitative specialists to methodological generalists, with broad skills in qualitative and design research methods and an understanding of quantitative concepts. The right candidates will be excellent communicators, knowledgeable about UI design, passionate about social computing, comfortable in a flat, fast-moving organization, excited to collaborate, and focused squarely on impacting the design of Facebook.

UX Researcher, University Grad Responsibilities

- Work closely with product teams to identify research topics

FACEBOOK Careers

- Conduct research using a wide variety of qualitative methods and a subset of quantitative methods, such as surveys

- Work cross-functionally with design, product management, content strategy, engineering and marketing

- Communicate results and illustrate suggestions in compelling and creative ways

Minimum Qualifications

- Experience conducting applied product research, and/or focus on directly relevant research topics

- Knowledge of quantitative, behavioral analysis and statistical concepts

- Communication experience

- Must obtain work authorization in country of employment at the time of hire and maintain ongoing work authorization during employment

- Currently has or is in the process of obtaining a Masters, PhD degree or completing a postdoctoral assignment in the field of Applied Statistics, Computer Information Science, Economics, Human Computer Interaction, Information Science, Mathematics and Statistics, Political Sciences, Psychology, or Social Science

Preferred Qualifications

- Experience asking, as well as answering, meaningful and impactful questions

About the Facebook company

Facebook's mission is to give people the power to build community and bring the world closer together. Through our family of apps and services, we're building a different kind of company that connects billions of people around the world, gives them ways to share what matters most to them, and helps bring people closer together. Whether we're creating new products or helping a small business expand its reach, people at Facebook are builders at heart. Our global teams are constantly iterating, solving problems, and working together to empower people around the world to build community and connect in meaningful ways. Together, we can help people build stronger communities — we're just getting started.

Facebook is committed to providing reasonable support (called accommodations) in our recruiting processes for candidates with disabilities, long term conditions, mental health conditions or who are neurodivergent, and to candidates with sincerely held religious beliefs or requiring pregnancy related support. If you need support, please reach out to accommodations-ext@fb.com.

 (Colorado only*) Minimum salary of $101,000/year + bonus + equity + benefits
*Note: Disclosure as required by sb19-085(8-5-20)
